

Microsoft®

Outlook® 2016

Certification Guide

Courseware 3262 Exam 77-731 ISBN 978-1-55332-477-5

Course Description

This *Microsoft Outlook 2016 Certification Guide* teaches the information worker how to use the various elements such as Mail, Calendar and Contacts to coordinate communication and collaboration with others. The user will acquire fundamental concepts and skills, building on this foundation as they increase their productivity in communication and sharing information with others.

Students who complete this course will have reviewed all of the exam objectives and be prepared to take the Microsoft Office Specialist Outlook 2016 Exam #77-731. Successful completion of the certification exam provides a competitive advantage by validating the knowledge and skill sets for individuals who may be seeking employment or advancement in their careers.

Suggested Course Length: 15-20 Hours

Course Prerequisites

This course is designed for students who are familiar with personal computers, using a keyboard and using a mouse. The course assumes that students have completed the *Microsoft Windows* course or have equivalent Microsoft Windows knowledge and experience.

- start and run Windows
- use the taskbar
- use the Start button
- use the Help feature
- use Minimize, Restore Down/Maximize, or Close
- use the left and right mouse buttons appropriately
- understand file management techniques
- navigate between files, folders, or drives
